- Energy Connectivity
- Renewable Energy and Energy Efficiency
- Climate Change
- Green and Creative Economy

Trade and Investment Facilitation

- Digital Trade
- SME Entrepreneurship Development
- Trade Promotion and Market Access
- Cross-Border Trade Facilitation
- Transport and Logistics
- Special Economic Zone Development
- Smart and Sustainable Tourism Development

Cross-Cutting Issues

- Gender Mainstreaming
- Digitalization
- Decent Work
- Upskill and Reskill Development
- Labor Mobility and Migration Management
- Inclusive Social Development
- Science, Technology and Innovation

WHO WE ARE

Mekong Institute (MI) is an intergovernmental organization that deepens regional cooperation and integration through capacity development, dialogue, and advocacy for the acceleration of sustainable socioeconomic development and poverty alleviation in the Greater Mekong Subregion (GMS).

Founded and represented by Cambodia, P.R. China, Lao PDR, Myanmar, Thailand, and Vietnam, MI supports international and regional cooperation frameworks through the implementation of projects in Agricultural Development and Commercialization, Trade and Investment Facilitation, and Sustainable Energy and Environment, while addressing issues of social inclusion and vulnerability, digital economy and innovation, and labor mobility to cement holistic and sustainable development impacts in the subregion and beyond.

WHAT WE DO

MI builds, generates, curates, and transfers knowledge, as it leverages its regional network to deliver effective project implementation, support policy coherence, and dynamic development programming through capacity-building investments, evidence-based studies, and knowledge exchange platforms.

These services help bridge cross-sectoral and multi-country engagement in responding to current and future priority needs of people in the GMS.

PORTFOLIO OF SERVICES
